8907 Lift Control Expansion Panel

The ACX 8907 is an expansion board with couple used with ACX.8906 Network Lift Control Panel. It provides extra thirty-eight levels lift control, totally 66 levels list control which working with ACX.8906 lift control panel.

SPECIFICATION

Technical Data	
Power Input	12 VDC ±10%, 1 ADC
Communcation	RS485, connect to ACX.8906 lift control panel
Power Monitoring	AC / DC / Backup Battery Monitoring
Outputs	38 x Relay dry contact (NO / NC)
Relay Rating	3A DC output
Dimension (PCB)	180mm x 120mm x 20mm
Dimension (Enclosure)	183mm x 149mm x 30mm
Operating Temperature	0 – 50 °C (32 – 122 °F)
Storage Temperature	0 – 60 °C (32 – 140 °F)
Humidity	10 – 90% RH (non-condensing)
